Volunteering @ ReDI Hamburg

Fall 2023 Semester

We use tech to connect human potential and opportunity with dignity & humility

We are ReDI

ReDI School of Digital Integration is a non-profit
tech school for locals and newcomers
without access to digital education.

Integration brings shared value

Our aim is to provide our students with valuable digital skills and a strong network of tech leaders, students and alumni to help create new opportunities for all.

"We are using technology to break down barriers and connect the leaders of tomorrow."
— Anne Kjaer Bathel, CEO ReDI School

Teacher Retrospective

Teachers

Our teachers are tech professionals or university students, who are all eager to share their **knowledge on the tech industry** with students.
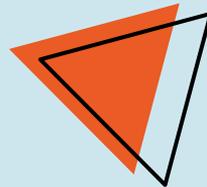

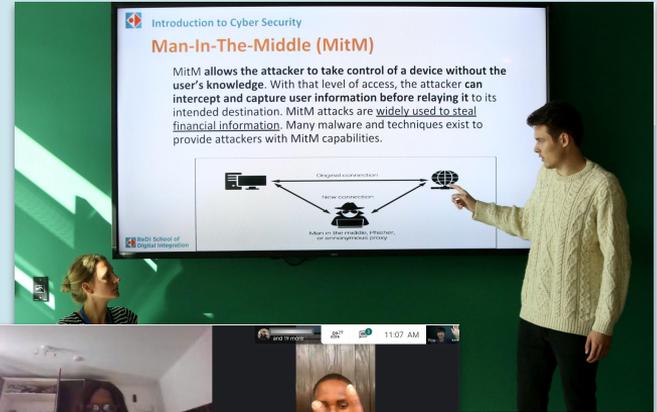

Teaching at ReDI is a great opportunity to **interact** with students from diverse backgrounds!

Get to know our teachers **HERE**!

Facts for Teaching at ReDI

- Classes are taught in **English**

- **Class content is provided by ReDI** and readily available

- Volunteers always **teach in teams of two** (Presenter and Supporter)

- **You don't need any certifications** for starting your teaching journey at ReDI

- **Time commitment is 2h** per session

Workshop Formats

- Purpose: to strengthen our students' career opportunities

- Two career weeks a semester with workshops from our global Talent Success Team

- Throughout the semester local workshops with our partners
  - Typically onsite
  - 10-15 students

- Company visits as good networking opportunities
